PROFILE

- As an experienced MERN Stack Developer proficient in both frontend and backend development, I specialize in crafting high-performance web applications that meet industry standards. With two years of proven expertise, I leverage cutting-edge technologies like React.js, Next.js, TypeScript, Node.js, MongoDB, Express, and Mongoose to deliver robust and scalable solutions. My commitment to excellence ensures that every project exceeds expectations, providing optimal results and exceptional user experiences. With a deep understanding of frontend and backend intricacies, I drive innovation and overcome complex challenges in today's dynamic business landscape

----
